

British Association of Skin Camouflage – course information

Course 1 : enhance appearance using skin camouflage techniques

The British Association of Skin Camouflage (BASC) training programmes are acknowledged by the medical profession and beauty industry for being unique in their holistic approach, assessment criteria and high standards of tutorial sessions and practical workshops.

Sessions are led by BASC's highly qualified tutors: practical workshops include models with dermatoses and tattoos.

The course, which spans two days, is specifically designed to provide a comprehensive training programme covering the principles and skills required for professionals to enhance their client's appearance for a special occasion using camouflage techniques.

This course will also be of interest to Radiographers wishing to offer their patients the choice of using skin camouflage to conceal tattooed location marks.

The event is accredited with 13 1/2 hours CPD from HABIA.

The sessions include:

- quick tour of skin (understanding hyper and hypo pigmentation, erythema and tattoos)
- understanding colours of skin and products to create a quick skin match
- complementary colour theory
- products used
- application techniques
- contra indications
- contra actions
- aftercare advice
- what products can/cannot be used in conjunction with camouflage
- durability and effective removal of products
- advice on makeup used over camouflage products
- understanding why area can appear pale when the flash is activated by a camera
- how to minimise the effect of flash photography

Each trainee receives,

- camouflage sample kit (current rrp £95)
- applicators kit (current rrp £35)
- The British Association of Skin Camouflage Information Manual : Course 1

together with relevant handout material in support of sessions.

The event is held at a quality 3* Best Western hotel approximately 50 yards from Chester Railway Station.

Alternatively, subject to status and availability, the training can be held at your place of work. Upon successful completion you will be presented with the BASC Diploma and be invited to register as a Specialist Member of the British Association of Skin Camouflage.
