

REFRESH YOUR CAMOUFLAGE SKILLS

The British Association of Skin Camouflage (BASC) training programmes are acknowledged by the medical and beauty professions for being unique in their holistic approach, assessment criteria and high standards of tutorial sessions and practical workshops.

All sessions are led by BASC's highly qualified tutors : specialist speakers give additional medical and industrial expert input.

The Training Initiative is accredited by

- 8 hours continuing professional development awarded by HABIA

Refresh Your Camouflage Skills is specifically designed for British Association of Skin Camouflage trained professionals who have the need to update core skills, increase their product knowledge and take a fresh look at application techniques.

The Study Day includes the opportunity to use camouflage products that are not available on prescription. For those who have not tried Air Brushing – now is your chance to experiment!

Subject areas covered include,

Let's Touch Base on Basics

- understanding light, sight and colour
- recognising colours of skin, dermatosis and tattoos
- understanding how camouflage works

Update on available products

- Faux Tan & Cosmetic Stains

Application Techniques

- psychology of using fingers, sponge, and brush to apply camouflage
- air brushing – friend or foe?

Problem Solving (Ask and We'll (try to) Answer!

- the key to successful tattoo cover

Workshop

Your opportunity to demonstrate your skills on Tattoos, Scar Tissue, Vitiligo, Psoriasis and Port Wine Stains (depending on availability of Models).

The event is held at a quality 3* Best Western hotel approximately 50 yards from Chester Railway Station. Alternatively, subject to status and availability, the training can be held at your place of work.

Upon Successful Completion you will be presented with the BASC REFRESH YOUR CAMOUFLAGE SKILLS CERTIFICATE
